

Material safety data sheet
According to EU Regulation 1907/2006 in the current version
White Clay

1. Identification of the substance/mixture and company

| | |
|----------------------------------|--|
| Trade name: | White Clay |
| | Kaolinite - Natural Silicate of aluminium and both, Iron and Magnesium |
| Chemical formula | $\text{Al}_2\text{Si}_2\text{O}_5(\text{OH})_4$ |
| INCI | Kaolinite |
| CAS No. : | 1332-58-7 |
| EINESCS/EC No. : | - |
| REACH pre-registration No. : | - |
| Utilization: | Raw material for cosmetic or professional use |
| Supplier company identification: | Elemental SRL , Piața Cazărmii no.15, 410188-Oradea, jud.Bihor, Romania Tel/Fax: +40259-436.755, www.elemental.eu |
| Emergency: | RO: număr național pentru cazuri de urgență: 021 3183606 Institutul de Sănătate Publică București. International emergency number: +49 180 2273-112 |

2. Hazards Identification

2.1 Classification

Not a hazardous substance or mixture
Harmless product

3. Declaration of ingredients

Nature of the product: raw material: 100% natural
INCI name : Kaolinite
CAS number : 1318-93-0
EINECS : 215-288-5
Formule : $\text{Al}_2\text{Si}_2\text{O}_5(\text{OH})_4$

4. First aid measures

If contact with skin : Remove contaminated clothing, rinse with water (or soap and water)
If contact with the eyes : Flush thoroughly with water for at least 10 minutes. Seek medical attention if irritation marks appear.
If accidental ingestion : Drink water
If fulsome inhalation : Take the person to the closest source of fresh air and look after that person.
General comment : Clay is not a dangerous product, however if a consequential intoxication occurs, getting medical attention becomes crucial.

5. Fire fighting measures

5.1 Protection measures against fire

Clay is not inflammable, however the container is made with paper. Therefore, use an appropriate fire-extinguisher if needed. (use a water spray extinguisher).

5.2 Individual precaution : avoid contact with the eyes.

Material safety data sheet

According to EU Regulation 1907/2006 in the current version

White Clay

6. Accidental release measures

Precaution to protect the environment : avoid to spill in the sewer, in the ground or in any aquatic surroundings.
Cleaning methods : Use a broom or a vacuum.

7. Handling and storage

Handling: Avoid contact with the eyes. Follow the usual hygiene rules. Keep rooms well aired out.
Storage : It is recommended to store the clay in closed wooden barrels, preferably filled up and sheltered away from extreme temperatures and humidity.

8. Exposure controls / personal protection

Exposure control : Keep rooms well aired.
Breathing protection : In the case of poor ventilation, wear a self contained breathing device.
Hand protection : When it is necessary to wear gloves, rather use natural rubber gloves.
Eye protection : If an eye protection is necessary, rather use waterproof glasses.
Skin protection : In function of the organisation of the workplace, wear special clothing which protects from contamination made by the smell of personal clothes. Follow the usual rules of hygiene.

9. Physical and chemical properties

Appearance Fine powder
Particle size < 40 µm
Color White
Odor Odorless
Density 2.6 g/cm³

10. Stability and reactivity

Good stability to common temperatures, keep away from humidity.
Avoid exposure to temperatures which are close to the flash-point. Do not heat up.
Avoid contact with oxidizing agents.

11. Toxicological information

Complying with the standard EEC rules.

12. Ecological information

Ecological: No data available.
Environmental Impact: Safe under normal use. Packaging material is compatible with solid waste disposal
Does not contain any « perhalogen » substance, or any similar product made to remain in the environment.
This product was not subject to any « ecotoxicologic » tests. Due to the difficulty of using the common « ecotoxicologic » test methods to predict the impact of the various ways of contact with vulnerable areas in the ecosystem, this

Material safety data sheet
According to EU Regulation 1907/2006 in the current version
White Clay

product must be considered and handled as if it were a potential threat for the environment. Take therefore all necessary precautions.

13. Disposal considerations

Garbage and refuse must be eliminated in keeping with the rules the European union or according to the national or regional legislation currently enacted.

14. Transport information

In the case of an accidental leak or fire during transportation, please consult the above instructions.

15. Regulatory information

Pure raw material. May be destined to private use under that form or to industrial use.

16. Additional information

16.1 Abbreviations

ADR: European Agreement concerning the International Carriage of Dangerous Goods by Road.

CAS: Chemical Abstracts Service (division of the American Chemical Society).

CLP: Classification, Labeling, Packaging.

DNEL: Derived No Effect Level.

EINECS: European Inventory of Existing Commercial Chemical Substances.

GHS: Globally Harmonized System of Classification and Labeling of Chemicals.

IATA: International Air Transport Association.

IATA-DGR: Dangerous Goods Regulation by the "International Air Transport Association" (IATA).

ICAO: International Civil Aviation Organization.

ICAO-TI: Technical Instructions by the "International Civil Aviation Organization" (ICAO).

IMDG: International Maritime Code for Dangerous Goods.

INCI: International Nomenclature of Cosmetic Ingredients.

LTE: Long-term exposure.

PNEC: Predicted No Effect Concentration.

RID: Regulation Concerning the International Transport of Dangerous Goods by Rail.

STE: Short-term exposure.

STEL: Short Term Exposure limit.

STOT: Specific Target Organ Toxicity.

PRESENCE OF ALLERGENS IN THE RAW MATERIALS

| ALLERGENS | PRESENCE |
|---|----------|
| Sulphites | No |
| Peanut And derived products (including oil) | No |
| Almond and derivatives (including oil) | No |
| Hazelnut and derivatives (including oil) | No |
| Cashew nut and derivatives (including oil) | No |
| Macadamia nut (including oil) | No |
| Pecan nut and derivatives (including oil) | No |
| Queesland nut and derivatives (including oil) | No |
| Brazilian nut and derivatives (including oil) | No |
| Nuts and derivatives (including oil) | No |
| Pine nut and derivatives (including oil) | No |
| Pistachio and derivatives | No |
| Other shell fruits or derivatives | No |
| Eggs and ovoproducts | No |
| Fish - crustaceans and derived products (including gelatine) | No |
| Soy and derived products (including lecithin) | No |
| Gluten coming from: | |
| wheat | No |
| rye | No |
| barley | No |
| spelt | No |
| oat | No |
| hybrid kinds and products derived from gluten | No |
| products taken from cereals containing gluten | No |
| kamut | No |
| milk | No |
| Dairy products including lactose, any other product derived from milk | No |
| Sesame and derivatives (including oil) | No |
| Lupine and derivatives | No |
